

## Raid on Trump is a Scam – Judicial Watch Court Update

### Description

### USA: Raid on Trump is a Scam – Judicial Watch Court Update

#### *Preface by: Roger Landry (TLB)*

In a third world nation ... under an authoritarian regime ... with totalitarian aspirations ... you would expect to see the leader/s of an opposing party or faction treated in a fashion that pretty much excludes them or their influencers from challenging the current power structure. This type of action is not new, nor is it a surprise in many countries across this ever darkening planet.

But America is not supposed to be just any country! America is supposed to be the beacon of freedom, liberty, and democracy to the world.

But America today is being forced to its knees as we watch. Today an administrative state partnered with a Marxist leaning political party, headed by the most blatant puppet to ever sit in the White House, is hell-bent on not only retaining power, but also is massively expanding this power. This is being done at the price of the liberties and freedoms of We The People.

From the totalitarian beat-down of the last two years, to the intentional destruction of our economy, including the purposeful destruction of our military, both on a domestic and a global stage, we are seeing America transformed in a fashion and at a speed most of us would never have believed.

But to make this all work, the challenge to its dominance must be decapitated. Donald Trump presents an existential threat to the Elitists who wish this massive transformation of America ... So like any authoritarian country (look around you) he must be defamed and destroyed at all cost, and the Constitution and Bill of Rights be damned.

What we are seeing as a result of the recent raid on Trump's home is nothing short of treason camouflaged by a traitorous DOJ, FBI and White House (and then some). But we are kept in the dark of what is most important and detrimental, as this damning scenario moves forward. With a very welcome exception. Please take the time to watch the video presentation because ... it is what you DON'T know that will do you the most harm !!!
