

“Read Ludwig von Mises, Motherf**kers!” – Brazilian UFC Fighter’s Victory Speech Pumps Austrian Economics

Description

WORLD : While the Middle East wobbled on the precipice of World War III on Saturday, a Brazilian UFC fighter gave us hope by using his victory speech to deliver an emphatic endorsement of Austrian economics, Ludwig von Mises, the First Amendment and gun rights.

Renato Moicano’s televised speech came after he pulled off a comeback win over Jalin Turner at Las Vegas. Joe Rogan joined him in the ring to discuss the fight, but Moicano had other priorities, and proceeded to drop a profanity-peppered liberty bomb on the T-Mobile Arena crowd and a worldwide audience:

“I’m a huge advocate of the First Amendment. Today, of course I want the \$300k [bonus but they not](#) going to give [it to me] because somebody say, ‘hey, this is fucking Disney, you cannot curse’...so I’m not going to do my speech, but...

First off all I love America. I love the Constitution. I love the First Amendment. I want to carry all the fucking guns. I love private property. And let me tell you something: If you care about your fucking country, read Ludwig von Mises and the six lessons of the Austrian economic school, motherfuckers!”

By “six lessons of the Austrian economic school,” Moicano was referring to a concise, 106-page Ludwig von Mises book, “Economic Policy: Thoughts for Today and Tomorrow.”

Among the best-selling Mises works, it’s broken into [six sections: Capitalism](#), Socialism, Interventionism, Inflation, Foreign Investment, and Policies and Ideas. (The Brazilian version’s title translates to “The Six Lessons.”)

The lessons are transcribed from a series of lectures Mises delivered at the University of Buenos Aires in 1959. Per the book’s description, “Mises had urged Argentina to turn from dictatorship and socialism toward full liberty, so there is a special urgency behind the cool logic employed here.

The book's continued popularity is due to its clarity of exposition on the ways in which economic policy affects everyone."
