

Robert F. Kennedy Jr: The Only Right We Have Left Is The Second Amendment (VIDEO, 2 min)

Description

USA: Bobby Kennedy Jr. explains how the pandemic ravaged our constitution, and the only right we have left is the second amendment.

“We have to love our freedom more than we fear a germ... There's worse things than death... [The patriots of 1776] gave us that gift of that Bill of Rights [with their lives], and in one year, at the bidding of a doctor... all of those rights have been taken away from us.”
