

Situation Update – Massive meat rendering facility with robotics, AI systems and railroad offloading integration raises eyebrows (VIDEO 88 min)

Description

A massive meat rendering facility is due to begin construction in Rapid City, South Dakota next year, with plans for its completion by 2026. The \$1.1 billion facility is known as the, “Western Legacy Development Corporation,” and it promises to bring large-scale production to the beef industry, rendering an estimated 8,000 cattle per day.
