

SURPRISE! Leadership At Joe Biden's 'Disinformation Governance Board' Has Ties To George Soros

Description

The progressive billionaire George Soros has his hands in pretty much everything the left does.

Knowing this, it should come as no surprise that he is tied to the leadership at Biden's new Orwellian 'Disinformation Governance Board' which has come under fire since it was announced last week.

The government has no business deciding what is and is not truth, much less for purely partisan reasons.

Biden's Disinformation Board Co-Leader Has Been In Bed With Soros

Members of Joe Biden's disinformation governance board all have one thing in common: they are backed by radical leftists.

Disinformation board leader, Jennifer Daskal, has at least three close ties to liberal billionaire, George Soros, as NewsBusters highlighted.

With both of their agendas involving censorship, it's no surprise the two have previously worked together.

Daskal worked as a senior counter-terrorism counsel for the anti-Semitic Human Rights Watch group, which received over \$32,000,000 from Soros between 2000 and 2014. Soro's also gave over \$600,000 to the Just Security blog where she worked as a founding editor.

To put it in to prospective, Just Security claimed the Biden administration is the answer to peace and freedom. Daskal, though, will be a part of the very group responsible for stripping people of their Freedom of Speech.

The disinformation board has been dubbed the “Ministry of Truth.” Daskal’s past positions, however, suggest she will play a key role in keeping up with Democrat’s agenda of keeping Americans blind sighted by what it really happening.

This board should be shut down immediately.

The Biden Admin’s dangerous Ministry of Truth must be stopped. I am gathering signatures to put the Senate on record to eliminate their “Disinformation Governance Board” & defend the American people from this grotesque anti-free speech effort.

We will not allow the Biden regime to attack free speech with their dystopian “Disinformation Governance Board.”

Today, I led 61 of my colleagues and introduced the Protecting Free Speech Act.

Pass my bill.

Defund tyranny.

Protect free speech. <https://t.co/FiRWncfOkf>

At least Republicans are uniting against this.
