

## The Covid Scam Is Unraveling

### Description

The Covid Scam is collapsing across the entire front much like the Wehrmacht after Stalingrad. Mask mandates and lockdowns are on the comeback because health authorities now admit that the Covid vaccines do not offer effective protection, especially against what are called “new variants.” What is the point of a Covid passport when the vaccine does not protect and the vaccinated have to wear masks? <https://www.rt.com/usa/530394-cdc-vaccinated-masks-indoors/>

Presstitute scum in the US falsely report that the “new outbreak” of Covid is among the unvaccinated young, and the push is on to vaccinate all the youth. But the facts tell a different story. In the UK, for example, *new Covid cases are exploding among the fully vaccinated, rising 40 percent in one week while new covid cases among the unvaccinated are declining by 22%.*

Israel is another example where the rise in Covid cases is among the vaccinated.

It is hilarious to watch vaccine defenders argue that the rise in new Covid cases among the vaccinated is proof that the vaccines work! No, I am not making this up. Here is Katelyn Jetelina: “The more vaccinated a population, the more we’ll hear of the vaccinated getting infected.”

Arieh Kovler explains: “Countries with high vaccination will see mostly vaccinated people getting ill from Covid.” <https://www.deseret.com/coronavirus/2021/7/20/22584134/whats-going-on-in-israels-outbreak-among-vaccinated-people>

What they mean is that as populations become vaccinated, there is no one to catch Covid but the vaccinated.

Despite the evidence, vaccine propagandists still claim 97.5% effectiveness for the vaccines. There is no evidence whatsoever for this fanciful claim. Only an ignorant moron would make such a nonsensical claim.

Although the vaccines are useless as protection, their side effects are deadly. The European Union’s database of suspected drug reaction reports covering 27 European countries, EudraVigilance, reports that as of July 17, 2021, there have been in 2021 18,928 deaths and 1,823,219 injuries associated with

the Covid vaccines: <https://www.globalresearch.ca/18928-dead-1-8-million-injured-50-serious-reported-in-european-unions-database-of-adverse-drug-reactions-for-covid-19-shots/5750722>

The US database, VAERS, reports that as of July 9, 2021 there are 10,991 deaths and 463,457 adverse health effects associated with Covid vaccinations. A CDC whistleblower with access to the VAERS data revealed in a sworn statement under penalty of perjury that the actual number of deaths in the database is five times higher than the number released.

<https://www.paulcraigroberts.org/2021/07/26/how-the-covid-scam-is-perpetrated/>

The British database of vaccine injuries is called the Yellow Card system. In the first *four months* of this year, there are 888,196 adverse vaccine events and 1,253 deaths.

Considering that the adverse vaccine reporting systems are not believed to capture more than 10% of vaccine injuries and deaths, just the US and UK alone from the beginning of the year until mid-July might have experienced 22,866,760 adverse health effects and between 299,190 and 639,280 deaths from Covid vaccines. *This is an outcome worst than the claims for Covid.*

The presstitutes, public health bureaucrats, and stupid politicians who have crawled out on the limb do not report these massive numbers. Their excuse is that the adverse vaccine reporting systems do not claim the adverse events are caused by the vaccines, only that they are associated with vaccination. But in all previous cases, a far smaller number of associated deaths served to pull the vaccines from use. Why not this time? Clearly, there are agendas afoot that take precedence over the normal rules and public health—profit, an increase in government power over formerly free people, and perhaps darker agendas such as the WFO's "Great Reset" and population control. Are these possibilities the beliefs of "conspiracy theorists" or are they logical conclusions from the obvious contradictions in the official Covid narrative?

*Is the pandemic real?*

Both the World Health Organization and the Centers for Disease Control have admitted that the very basis for the alleged "Covid Pandemic"—the PCR test—is unreliable and cannot tell the difference between flu and Covid and between infected and non-infected. The CDC has announced that it is withdrawing its request for Emergency Use Authorization of the PCR test as of December 31, 2021. [https://www.cdc.gov/csels/dls/locs/2021/07-21-2021-lab-alert-Changes\\_CDC\\_RT-PCR\\_SARS-CoV-2\\_Testing\\_1.html](https://www.cdc.gov/csels/dls/locs/2021/07-21-2021-lab-alert-Changes_CDC_RT-PCR_SARS-CoV-2_Testing_1.html)

Why is the CDC waiting four months to stop using a Covid test that immensely exaggerates the number of cases? Is the answer that as the test is run at high cycles that produce a 97% false positive rate, the CDC wants to keep the fear of massive infection hyped until all are vaccinated? As the CDC shares in Big Pharma's spoils, as does NIH, our public health authorities have serious conflicts of interests. As we live in a world in which literally everything is corrupted by money, why should we think public health is an exception?

Mathew Crawford examined the CDC's reworking of its warning system that is used to indicate when adverse events associated with vaccines hit a red flag level.

<https://roundingtheearth.substack.com/p/defining-away-vaccine-safety-signals> He found that the effect of the revision was to blur the difference between safe and dangerous vaccines. In other words, the warning signal was disabled. Was this the result of incompetence or intent?

Don't expect any investigation to be made. The entirety of the political, media, and medical establishment world is wedded to the orchestrated pandemic and efficacy of the deadly vaccine. Their credibility is at stake. They cannot afford for such a thing to be acknowledged, much less investigated.

And now we have another shameful development. Eli Lilly has developed an antibody cure for Covid, and its rollout is being blocked on the grounds that it doesn't cure variants, which might be more alleged than real. <https://www.wsj.com/articles/eli-lilly-covid-19-antibody-drug-shipments-paused-over-variant-concerns-11624652980> But as the establishment now admits, the vaccines don't protect against the variants. Nevertheless there is a full court press to coerce universal vaccination with the dangerous vaccinations. If the same argument employed against Eli Lilly's cure is applied to the vaccines, use of the vaccines should be immediately blocked, especially with their record of devastating side effects. Moreover, the medical establishment has provided no evidence that Eli Lilly's cure doesn't work with variants. It is an assertion that the press stunts hype.

Indeed, as I keep asking, how do we know that what are called variants are not vaccine-induced illnesses? What do they call the vast reported numbers of vaccine-induced illnesses among the fully vaccinated? They don't. They hide them under the blanket.

I suspect the real reason for blocking Eli Lilly's cure is that the vaccine manufacturers have more clout and do not want any diminution of their vaccine market until they have exploited Covid fears to the full. Also, I suspect that the public health authorities who violated the law by allowing emergency use of the untested vaccines on the grounds that there were no cures when there were two—HCQ and Ivermectin—do not want a third cure in the picture.

The medical bureaucrat Dr. Tony Fauci, who called US Senator Rand Paul a liar for pointing out that NIH grant documents show Fauci funded research at the Wuhan laboratory in China concerned with making the coronavirus more infectious, has now admitted on TV that he did fund the research and he defends it on totally absurd grounds that his prostitute protector, Jake Tapper, studiously overlooked. [https://nypost.com/2021/07/25/anthony-fauci-defends-us-funding-research-at-wuhan-lab/?utm\\_campaign=iphone\\_nyp&utm\\_source=mail\\_app](https://nypost.com/2021/07/25/anthony-fauci-defends-us-funding-research-at-wuhan-lab/?utm_campaign=iphone_nyp&utm_source=mail_app) The CNN moron agreed with Fauci, who has made a packet of money from the virus, that it would have been "negligent" not to fund the creation of Covid-19.

So we have "America's leading virus expert" (what a joke!) creating a virus, then creating a pandemic around it based on fraudulent emergency use of an invalid test, then supporting nonsensical lockdowns that destroyed middle class businesses, then supported nonsensical mask mandates that provided zero protection and caused many illnesses (anything less than a N95 mask offers zero protection), then shot up a large percentages of the world's population with a new experimental technology called a vaccine that is highly dangerous, and now is pushing mandated vaccination to the young and children who are not threatened by Covid-19. The utterly corrupt medical establishment say on one side of their filthy mouths that the Covid vaccines do not protect against the variants, therefore

the vaccinated again have to wear masks, and on the other side of their filthy mouths they say in total contradiction that the young must be vaccinated with the vaccines in order to be safe.

Now, either we have a situation in which almost the entirety of the medical establishment is totally incompetent and stupid beyond all belief, or we have almost the entirety of the medical establishment involved in a gigantic scam that is murdering and injuring hundreds of thousands of people.

There is no other explanation.

The same goes for the politicians. One of the filthiest is the mass murderer of New York, Governor Andrew M. Cuomo, who sent Covid patients into nursing homes where the elderly infected by the imported Covid patients died. The Democrat Cuomo got a pass from the Democrat Biden DOJ. So much for accountability and justice. If you are a Democrat, there is no accountability. Whatever happened to the John Durham report on Russiagate? Obviously, the report is just another victim of Democrat non-accountability.

Here is the mass murderer Cuomo. Look at his crazed expression. Listen to this hysterical mass murderer declare war on the unvaccinated: <https://www.youtube.com/watch?v=nkwb6wF2P1Q>

The Republicans, including that fake one—McConnell— have joined up with the Democrats pushing the vaccines. Now that we know that the vaccines do not protect but do kill, the dumbshit Republicans want everyone vaccinated. As so many have said for so long, there is no opposition party.

Federal agencies are now mandating vaccination of their work forces:

[https://www.theepochtimes.com/mkt\\_breakingnews/first-federal-agency-to-mandate-covid-19-vaccine\\_3918989.html?utm\\_source=News&utm\\_medium=email&utm\\_campaign=breaking-2021-07-26-3&mktids=22baca7c76e659bf404b407ad98afb5e&est=9B%2FSynA47SoRBDrsWy%2B%2BJs4ZudZ3Gu](https://www.theepochtimes.com/mkt_breakingnews/first-federal-agency-to-mandate-covid-19-vaccine_3918989.html?utm_source=News&utm_medium=email&utm_campaign=breaking-2021-07-26-3&mktids=22baca7c76e659bf404b407ad98afb5e&est=9B%2FSynA47SoRBDrsWy%2B%2BJs4ZudZ3Gu)

So are blue states: <https://www.lewrockwell.com/2021/07/tyler-durden/california-nyc-require-all-public-workers-to-get-vaccinated-or-submit-to-weekly-tests/>

The corrupt DOJ Biden “Justice” (sic) Department has “determined that federal law doesn’t prohibit public agencies and private businesses from requiring Covid-19 vaccines—even if the vaccines have only emergency use authorization, or so says the presstitute CNN:

<https://www.cnn.com/2021/07/26/politics/doj-covid-19-vaccine-requirements-olc-opinion/index.html>

This is a blatant lie as was the DOJ’s “Russiagate,” and the DOJ’s “impeach gate.” The US has a “Justice” (sic) Department unconcerned with justice and incapable of telling the truth, or it has a “Justice” (sic) Department whose incompetence is unprecedented.

Here are the actual facts:

*“Vaccinations are a medical intervention. All medical interventions require by law that valid consent is obtained.* See, for example, the official UK National Health Service site—

<https://www.nhs.uk/conditions/consent-to-treatment/>—which states:

“Consent to treatment means a person must give permission before they receive any type of medical treatment, test or examination.

“This must be done on the basis of an explanation by a clinician.

“Consent from a patient is needed regardless of the procedure, whether it’s a physical examination, organ donation or something else.

“The principle of consent is an important part of medical ethics and international human rights law.

“For consent to be valid, it must be voluntary and informed, and the person consenting must have the capacity to make the decision.

“The meaning of these terms are:

“voluntary – the decision to either consent or not to consent to treatment must be made by the person, and must not be influenced by pressure from medical staff, friends or family.

“informed – the person must be given all of the information about what the treatment involves, including the benefits and risks, whether there are reasonable alternative treatments, and what will happen if treatment does not go ahead.

“capacity – the person must be capable of giving consent, which means they understand the information given to them and can use it to make an informed decision.

“If an adult has the capacity to make a voluntary and informed decision to consent to or refuse a particular treatment, their decision must be respected.

“This is still the case even if refusing treatment would result in their death, or the death of their unborn child.”

Clearly, withholding information about the potentially serious and life-threatening risks of vaccinations and mandating and coercing people to undergo medical interventions is not only immoral and unethical and undermines the patient-doctor relationship, but also violates law and should lead to criminal prosecution. But it won’t. The Democrats protect their criminals. Democrats reserve “justice” for Trump innocents who protest in defense of America’s President Trump.

The US has the same code of medical ethics. The problem is that the US medical establishment does not follow its own code. Medical ethics do not pay when you can avoid liability. If you can make money jabbing uninformed people with a death vaccine, do it. The vaccine companies have used political campaign contributions to purchase their protection from liability from the corrupt Congress of the United States. They can murder all the people they want without any liability.

As I have emphasized for decades, the American population is as gullible and trusting as Native Americans who accepted blankets infused with smallpox as gifts of good will. Americans think it is unpatriotic to distrust the government. As they think those who distrust the US government are communists or worst, it is easy for the establishment to control their minds.

Despite the failure of the vaccines to protect against infection and despite their massive adverse effects, the Oval Office moron says he is determined to force the FDA to approve the untested vaccines that are in use on fraudulent “emergency use” only basis: <https://www.globalresearch.ca/politics-science-biden-admin-signals-intent-force-fda-approval-covid-vaccines/5751215>

The White House wants the “emergency use only” condition removed and the untested vaccines given official tested approval for use. The Oval Office idiot wants this despite the overwhelming evidence that the vaccines do not protect but do cause massive serious adverse health effects and deaths. You can now see why the establishment stole a presidential election in order to put an idiot in office. He makes money for them and advances their secret agendas.

Tell me, is Biden a man who represents the welfare of Americans, or is this a man who represents the welfare of Big Pharma’s profits and the hidden agendas behind the orchestrated pandemic?
