

The Fear-Mongering Never Ends! Germans Will Have A “Really Terrible Christmas” Unless They Obe

Description

USA: The mainstream media won't tell anyone the truth, but massive non-compliance and standing against this tyranny is what caused the Biden administration to suspend their “vaccine” mandate. It's a violation of basic human rights and people stood firm and have already lost jobs over it.

The constitutionality of it is of no consequence. As Lysander Spooner said: “But whether the Constitution really be one thing or another, this much is certain – that it has either authorized such a government as we have had or has been powerless to prevent it. In either case, it is unfit to exist.”

Those who think they have the right to rule don't care at all about rights of any kind and we know the constitution has been long gone anyway. Even though the courts have said this mandate needs to be suspended, we should never put our trust in the court system to do the right or moral thing. That trust needs to be in ourselves and the knowledge that we can disobey these sociopaths.

The Occupational Safety and Health Administration (OSHA) has posted a notice on its website, saying the agency [suspended implementation](#) and enforcement of the vaccine mandate for employers with 100 or more workers. The OSHA argued that it “remains confident in its authority to protect workers in emergencies” but noted that the US Court of Appeals for the Fifth Circuit ordered the administration to halt enforcement of Biden's mandate until a further ruling is made. The Sixth Circuit court of appeals will rule on whether or not businesses should be forcing their employees to take shots of the experimental gene therapy drugs. But for right now, even the totalitarians in government think this may have gone too far. But it isn't like they care at all about us, and don't forget that. This is about knowing that many will still refuse to comply and were willing to lose their jobs over it.

When enough people stand up, disobey, and refuse to follow the commands of tyrants, the tyrants lose

power. Imagine what kind of world we could have if stood together with business and all refused to be extorted (taxed) any longer? We do have the power to make the changes we need to see, but we need to stand up boldly in non-compliance and know that no other human has any higher claim over our life and property than we do. We were not born to be their slaves.
