At the same time, our most voted President in history, Joe Biden, had a much quieter fake "President's Day."

"Brittany Aldean from Fox News doubled-down on her criticism of the Biden administration in a Presidents Day social media post.

"Happy President's Day to such great U.S. presidents," reads a meme posted by the 33-year-old mother of two to her Instagram Story in which a portrait of Biden donning a face covering is smack dab in the middle of a grid of nine former presidents with the text "not you" affixed over his head."

The re-post — which features images of Abraham Lincoln, Calvin Coolidge, Dwight D. Eisenhower,

Richard Nixon, Ronald Reagan, George Bush Sr. and Jr. and Donald Trump — was first shared by conservative columnist Benny Johnson.”

A situation such as this one makes all the things on the political stage pretty obvious?

The message for Biden is clear: STEP DOWN!
