

The Thousands of Dead Cattle in Nebraska Were Deliberately POISONED!!!

Description

USA: From Jim Stone: No one knows why, but this is something you don't see every day.

UPDATE: THE ANSWER IS IN: SOMEONE SNUCK ONTO THE RANCH AND POISONED THE WATER THE CATTLE DRANK. THIS IS A DIRECT ATTACK ON AMERICA'S FOOD SUPPLY. OVER 10,000 HEAD OF CATTLE KILLED. *Now who, what group, has a history of poisoning it's opposition? Don't pretend to guess.*

UPDATE TO ABOVE: This may sound crazy and I don't normally link stuff like this, but a psychic nailed the cattle poisonings that just happened, and she did it on June 1. There is ZERO "fruitcake" in this psychic, I would not have put this here if it was not shocking, she nailed this mass cattle die off, the lack of water and then poisoned water and that people did it, how the people who watched the cattle were Mexicans, how saboteurs arrived, and EVERY DETAIL RELATED TO IT. Now that it has been revealed that the cattle did indeed die from poisoned water and not heat or disease this really takes the cake.

Her segment of the video is long. At 37 minutes (her segment starts at 30 minutes) She nails the fact that the feedlot animals were not messed with, but the free range animals got their water supply poisoned when the dry stream they drank from suddenly got water, and the water was poisoned which killed them all. She ties it all together at 43 minutes. **Clearly, someone released water from a dam which the cattle drank, and they poisoned the water when they released it to cause a mass cattle die off. That's exactly what just happened today.** I never saw anything like this that hit so many details perfect. At first it looks like nonsense but if you watch it a second time, you'll be captivated by the detail and how it ended up being true.

<https://youtu.be/jFfwBxQ7rs?t=1779>

CONCLUSION: The elite who ran the large feedlots poisoned the water supply to the smaller farmers to kill all their cattle, so the elite could more completely take over agriculture. She saw EVERY BIT OF IT.
