

## The War on the Dollar (VIDEO 45 min)

### Description

I recently appeared on the David Knight Show to talk about how the U.S. government and the Federal Reserve are waging war on the dollar and eroding away your wealth.

David and I discuss the backlash that could come from the U.S. weaponizing the dollar against the Russians. We also talk about how the Fed has devalued the greenback and blown up all kinds of economic bubbles.

But it's not all doom and gloom. We talk about steps we can take at the state and individual level to promote currency competition and undermine the Fed's monopoly on money.
