

“This Is a Country that Is Unfair and Broken” – President Trump Compares FBI’s Raid on 16-Year-Old Barron Trump’s Bedroom to FBI Ignoring Hunter Biden Laptop from Hell

Description

USA: On Monday morning President Trump commented on the shocking FBI raid on Barron Trump’s room at Mar-a-Lago.

President Trump shared this with his massive crowd of supporters in Wilkes-Barre, Pennsylvania on Saturday night.

As President Trump says, the FBI and DOJ are truly broken.

President Trump: So they riffled through the living quarters of my 16 year old son, Barron, and the loved and respected former First Lady of the United States, Melania, but, despite proven high crimes and treason, and just plain common theft, all pointed out in the Laptop from Hell (and elsewhere), they never Raided or Broke Into the house of Hunter Biden or, perhaps even more importantly, the house of Joe Biden – A treasure trove! This is a Country that’s unfair and broken. We are truly a Nation in Decline!!!

As the Gateway Pundit reported on Sunday—

Since 2019 the FBI has been in possession of Hunter Biden's laptop that he abandoned in a computer repair shop in Delaware.

Thankfully, the owner of the laptop John Paul Mac Isaac made copies of the hard drive that includes video and photos of Hunter's numerous Hunter Biden crack and prostitution crimes.

The laptop even included video of Hunter telling one of his numerous prostitutes that Russian drug dealers stole another laptop from him.

The laptop also contains evidence of Hunter and Joe Biden's illegal multi-million dollar pay-for-play schemes. FBI officials buried this information of proven criminal actions.

Hunter Biden also committed several alleged crimes when his girlfriend and brother's widow took his illegal firearm and threw it in the trash.

The FBI has never rifled through Hunter Biden's belongings in a predawn raid.

The FBI has never left his home in shambles after rifling through his bedroom.

The FBI has never stormed the home of Hunter Biden or his father Joe Biden.

The FBI DID however rifle through 16-year-old Barron Trump's bedroom during their raid on Mar-a-Lago.

And they left it a mess when they left.

This was a shocking revelation. President Trump announced this last night at his rally in Wilkes Barre, Pennsylvania.

The FBI is irredeemably broken.
