

THIS IS WHAT IS TEACHING YOUR KIDS (2022) (VIDEO 47 min)

Description

How well do you know the teachers at your schools? This is the filth and crap that is being pushed by the schools in many places these days. Get your kids out of Public Screwel. I found this video almost impossible to watch. I don't have to accept, support or tolerate it. Don't let the Satanic public school brainwash your kids. Source: KJOzborne.
