

TRAITOR ADMIRAL CHARLES W. MOORE CONSPIRED WITH TRAITOR GENERAL MARK A. MILLEY AGAINST TRUMP (VIDEO 5 min)

Description

Traitor General Mark Milley was in collusion with Vice Admiral Charles W. Moore and an international trafficking crime syndicate to stage a coup against President Donald Trump while attempting to implicate General Michael Flynn.

Admiral Moore called upon General Milley when he joined a barrage of death and torture threats against investigative journalist Timothy Charles Holmseth by Veterans For Child Rescue Inc. Arizona, after Holmseth published 35,000 children had been rescued by the military from underground tunnels. Moore's photo is featured on the V4CR Board of Advisors next to a FBI agent named Bob Hamer – also known as John Regan.

IT'S ALL COMING OUT!

In 1987, six children were discovered in the care of two men in a Tallahassee, Florida park. The high profile investigation revealed a CIA operation called THE FINDERS CULT. One of the child sex abuse victims, Max Livingston, 6, told detectives he believed everything belonged to "Mr. Reagan".

On February 10, 2009, HaLeigh Cummings, 5, Satsuma, Florida was reported missing from her father's home. Within five months of HaLeigh's disappearance, Timothy Charles Holmseth, an award-winning investigative journalist, Minnesota, contacted the FBI with information he obtained about a 'pastor' from Hastings, Florida named "John Regan" who had interjected himself into the Cummings case.

John Regan, a convicted sex offender, is/was a close friend and colleague of Florida Attorney Kim Lowry Picazio. Picazio was the missing child's mother's media attorney. John Regan was on Picazio's 'legal team'.

Holmseth informed the FBI that John Regan identified himself as FBI and CIA. In 2010, Holmseth was interviewed by Minneapolis FBI agent A.J. Eilerman and deemed “credible”.

In January of 2011, Holmseth published a book detailing the activities of the mysterious John Regan. The book featured a photograph of John Regan posing with Hillary Clinton-associate Wayanne Kruger, his son, Jeremiah Regan, and the missing child’s mother Crystal Sheffield. Holmseth also filed a formal BAR complaint against Attorney Kim L. Picazio.

In September, 2011, Attorney Kim L. Picazio fraudulently petitioned the Family Court in Broward County, Florida for an “INJUNCTION FOR PROTECTION AGAINST REPEAT VIOLENCE” against Timothy Holmseth, Minnesota.

Holmseth had never been to Florida and NEVER MET Kim Picazio. Holmseth was NEVER accused by law enforcement of committing a crime against Picazio. The court action would later be described by Constitutional Law experts as a Sharia Law scam.

With no jurisdiction whatsoever, the Broward court granted the Petition – effective only in the state of Florida. Holmseth was ordered to retroactively remove everything from the Web he published about Kim Picazio and forbid Holmseth from selling his book ever mentioning Kim Picazio again via electronic communications. Holmseth, who is not a felon, charged with no crime, was ordered to turn all his firearms over to the Broward County Sheriff.

FACTS CHISELED IN STONE

On July 22, 2014 Timothy Charles Holmseth filed a federal lawsuit against the City of East Grand Forks, Minnesota. The filings contained evidence that John Regan was a self-professed “undercover pedophile” for the “FBI” involved in a CIA/FBI child trafficking operation. The operation involved John Regan, Kim Picazio, and her convicted felon husband, Michael J. Picazio, moving kids out of the United States through the Ukrainian Embassy in Washington DC using fake medical records and church dossiers.

As of November 7, 2016 there existed a world-wide human trafficking operation that was functioning almost unimpeded. On November 8, 2016, Donald Trump defeated Hillary Clinton in the election and would become the acting President within months.

Evidence shows that because Donald J. Trump was taking over as President and Commander in Chief, the international crime syndicate that was trafficking humans and weapons would need to be re-created in such a fashion the public would believe the traffickers were actually the ‘good guys’ on a mission to stop the bad guys.

Here is how they did it.

In April of 2017, Hillary Clinton’s former personal security, former Navy SEAL Craig Sawyer, founded the Arizona-based Veterans For Child Rescue Inc. Sawyer rolled V4CR out on the Alex Jones Show where Jones publicly donated \$100,000 to V4CR based upon the professed goal of rescuing child sex slaves from captivity. As of July of 2021 V4CR has rescued zero (0) children.

Sawyer stated during interviews that V4CR was created with high level FBI. Sawyer published the official logos of FBI, CIA, NSA, other federal agencies, and various military groups on the V4CR

website as part of his organization.

Sawyer's Board of Advisors includes a former "undercover pedophile" for the "FBI" named "Bob Hamer". Hamer's BIO says he poses as a pedophile, arms dealer, and other criminal roles.

Hamer told Sawyer the "Chinese" created a "passport" for Hamer.
