

Trump calls for new election to be held immediately after more indications surface that 2020 was stolen

## Description

**USA: Former President Donald Trump, as well as most of his tens of millions of supporters who cast a ballot for him in 2020, know full well that his reelection was stolen from him by the left-wing deep state.**

And now, finally, he is demanding that something be done about it.

“So now it comes out, conclusively, that the FBI BURIED THE HUNTER BIDEN LAPTOP STORY BEFORE THE ELECTION knowing that, if they didn’t, ‘Trump would have easily won the 2020 Presidential Election,’” [Trump posted to his Truth Social platform](#).

“This is massive FRAUD & ELECTION INTERFERENCE at a level never seen before in our Country. REMEDY: Declare the rightful winner or, and this would be the minimal solution, declare the 2020 Election irreparably compromised and have a new Election, immediately!” he added.

Needless to say, there is *zero chance* that the powers that be will hold a new election, and if anyone seriously tried to call one, the *real* domestic terrorists on the left would riot nonstop until they were put down or until there was nothing left to burn.

Still, the fact that Americans have allowed a presidential election (and who knows how many down-ballot races as well) to be stolen outright is a sign that our democratic republic may be too weak to stand much longer. Because there is no doubt that the election was stolen.

“We need to have hearings. And that’s what I’m looking forward to in a Republican majority in the House of Representatives,” Rep. Lauren Boebert (R-Colo.) said in May after watching the Dinesh D’Souza-produced documentary, “2000 Mules,” was released.

The film contains all of the proof the political and media establishment had been demanding since Trump and his legal team claimed in the weeks after the November 2020 election that the outcome had been altered illegally — proof the D.C. deep state and their lapdog pals in the media *still* refused to believe.

“If we can have geo-tracking when it comes to January 6th, and come to peoples’ homes who were holding a sign outside of the Capitol and interview them—have the FBI interview them ... then I certainly think we can use that same technology to look at people who may have been harvesting ballots illegally and possibly, potentially even paid to do so by non-profit organizations,” she said, adding that she would like an investigation “if any of that” information in the movie “is provable.”

In April, ahead of the documentary’s release, Turning Point USA founder and executive director Charlie Kirk sat for an interview with ballot integrity group True the Vote’s Catherine Engelbrecht and Gregg Philips, both of whom served as the primary research team for ‘2000 Mules.’ And both said they found plenty of video and cellphone evidence proving that ballot boxes were stuffed full of illegal ballots *for Joe Biden*.

CharlieKirk.com reported:

*Philips noted that the acts of stuffing ballot boxes in various parts of the country — mostly swing states — followed a consistent pattern, with every operation featuring “a set of collectors, a collection point or stash house for all the ballots, the bundling of those ballots, and then the casting of those ballots [in the drop boxes] by, what we were calling, ‘mules.’”*

“And as we began putting the pieces and parts together, it really did dawn on us: ‘Well, this sounds like what’s happening in Atlanta or in San Luis, Arizona’... This was a conspiracy, this was organized crime,” he said.

At one point in the interview, Engelbrecht discussed the “fateful moment” when she looked at Philips and asked, “How do we take down a cartel?”

“That’s when we began to use the terms like stash houses, and drop points, and mules, and trafficking, and voter abuse because that’s what we’re looking at,” she explained.

There is no question the 2020 election was stolen from Trump. He has every right to call for a new election, even if he’s never going to get one.
