

Tulsi Gabbard Abandons 'Elitist, Woke, Anti-White' Democratic Party

Description

USA: While not entirely surprising, the reasons that former Democratic candidate for President, [Tulsi Gabbard, reveals for her decision to leave the Democratic Party](#) should raise questions in all but the most-liberal of leftists...

*I can no longer remain in today's Democratic Party that is **now under the complete control of an elitist cabal of warmongers driven by cowardly wokeness, who divide us by racializing every issue & stoke anti-white racism**, actively work to undermine our God-given freedoms, are hostile to people of faith & spirituality, demonize the police & protect criminals at the expense of law-abiding Americans, **believe in open borders, weaponize the national security state to go after political opponents, and above all, dragging us ever closer to nuclear war.***

I believe in a government that is of, by, and for the people.

Unfortunately, today's Democratic Party does not.

Instead, it stands for a government of, by, and for the powerful elite.

I'm calling on my fellow common sense independent-minded Democrats to join me in leaving the Democratic Party.

If you can no longer stomach the direction that so-called woke Democratic Party ideologues are taking our country, I invite you to join me.

Gabbard did not declare herself a Republican, despite sharing many of the views of the anti-interventionist, 'America First' wing of the GOP.

During her four terms in office from 2013 to 2021, Gabbard advocated dialogue with America's rival superpowers, coupled with a hardline policy on Islamic terrorism. **Failed 2016 presidential candidate Hillary Clinton accused Gabbard in 2019 of being "a Russian asset,"** likely referencing the

Hawaiian lawmaker's past [praise](#) for Russian President Vladimir Putin's fight against terrorism in Syria.

While the Democratic Party has – with the backing of establishment Republicans – voted almost unanimously to send more than \$52 billion to Ukraine in recent months, Gabbard has **condemned Biden for “exploiting this war to strengthen NATO and feed the military-industrial complex.”**

Does make one wonder if she is positioning herself for a VP seat on a DeSantis ticket in 2024?
