

## Tyrant Justin Trudeau Lies Under Oath – Claims He Did Not Call Unvaccinated People “Racists and Misogynists” But Video Proves Otherwise

### Description

The Gateway Pundit previously reported that the Trucker Commission in Canada showcased testimony from top Trudeau officials from the Privy Council Office who were forced to justify why the trucker convoy protests were designated a “threat to national security” requiring invoking the Emergencies Act.

A lawyer representing the truckers, Brendan Miller, questioned members of Trudeau's regime over the unprecedented use of the Emergencies Act. He absolutely humiliated them.

An estimated 50,000 Canadian truckers traveled across Canada in a massive caravan protesting the COVID mandates. Canadian media tried to paint the protests as Russian propaganda.

Canadian Prime Minister Justin Trudeau unleashed his authoritarian leadership on Canadians who dared to push back against the government, including arresting two leaders of the Freedom Trucker convey protest in Ottawa.

Trudeau employed the Emergencies Act and utilized the near-limitless powers to terrorize and harass the grassroots trucker convoy protests.

While the Canadian Parliament initially voted to uphold Trudeau's unprecedented use of the Emergencies Act against the truckers, he was forced to revoke it days later, likely due to lack of support in the Senate.

On Friday, Justin Trudeau finally made his long-awaited public appearance before the Public Order Emergency Commission after six weeks of theatrical witness testimony.

Under initial questioning, Justin Trudeau defended the use of emergency powers to put an end to the “Freedom Convoy” that had blocked the nation's capital earlier this year due to the unconstitutional vaccine mandate.

“It wasn’t that they just wanted to be heard. They wanted to be obeyed,” Trudeau [told](#) the independent public commission looking into the government’s use of the powers.

“I am absolutely, absolutely serene and confident that I made the right choice in agreeing with the invocation,” he continued.

During the inquiry, Trudeau lied barefaced under oath that he did not call the unvaccinated people racists and misogynists.

“I did not call people who were unvaccinated [bad] names. I highlighted. There is a difference between people who are hesitant to get vaccinated for any range of reasons and people who deliberately spread misinformation that puts at risk the life and health of their fellow Canadians. And my focus every step of the way, and the primary responsibility of a prime minister is to keep Canadians safe and alive,” Trudeau said.

But Trudeau’s statement on the Noovo TV program La Semaine des 4 Julie on September 16, 2021, proves otherwise.

“Yes, we will get out of this pandemic by vaccination. We all know people who are a little bit hesitant. We will continue to try and convince them, but there are also people who are fiercely against vaccination. They are extremists who don’t believe in science, they’re often misogynists, also often racists. It’s a small group that muscles in, and we have to make a choice in terms of leaders, in terms of the country. Do we tolerate these people? Or do we say, hey, most of the Quebecois people – 80% – are vaccinated. We want to come back to things we like doing.”
