

U.S. Act of War against the European Union: President Biden Ordered the Terror Attack against Nord Stream. High Treason against the People of Europe

Description

First published on September 28, 2022, revision October 14, 2022

Since the publication of this article a redundant debate is unfolding as to who actually ordered the Nord Stream terror attack.

Unequivocally, this act of sabotage was ordered by the President of the United States. “We will, I promise you, **we will be able to do that**”, says **Joe Biden** (February 7, 2022)

*The Nord Stream pipelines which were the object of the attack are **located within the (maritime) territorial jurisdiction of four member states of the European Union**. In international law, “Territorial Integrity” extends to “properties” located within the territorial waters of the Nation State.*

*The deliberate destruction of said “properties” within a country’s territorial waters **by or on behalf of a foreign state actor constitutes an act of war.***

“Any deliberate disruption of active European energy infrastructure is unacceptable and will lead to the strongest possible response,” she warned, and urged an investigation to get full clarity on the “events and why”.

Danish prime minister Mette Frederiksen described them as **“deliberate acts”**, adding: **“We are not talking about an accident.”**

Von Der Leyen did not elaborate as to **who might have been behind these “deliberate acts” of sabotage.**

Bombshell

In a televised news February 7, 2022 interview the President of the United States acknowledged that the United States would act against Nord Stream if required. This statement was made 3 weeks prior to the Russian invasion:

President Joe Biden: “If Russia invades that means tanks and troops crossing the border of Ukraine again, then **there will be no longer a Nord Stream 2.**”

Reporter: “But how will you exactly do that, since the project is in Germany’s control?”

Biden: “We will, I promise you, **we will be able to do that.**” (emphasis added)

Joe Biden: “There will be no longer a Nord Stream 2”

The evidence suggests that this terrorist attack had been contemplated by the Biden Administration prior to the Russian invasion. [Was it carried out by the CIA?](#) “**We will be able to do that**” said Joe Biden.

U.S. Act of War against the European Union

Nord Stream which originates in Russia passes through **the territorial waters of four EU member states** including Finland, Sweden, Denmark and Germany. Permission was provided and approved by the parliaments of those countries prior to construction.

Moreover, the Nord Stream pipelines also required the approval of Estonia, Latvia, Lithuania and Poland, which were part of the consultative process prior to construction.

Bombshell: From a legal standpoint (International Law: UN Charter, Law of the Sea) this was not a terrorist attack against Russia, it was a **U.S. Act of War against the European Union.**

The Nord Stream pipelines which were the object of the attack are **located within the (maritime) territorial jurisdiction of four member states of the European Union.** In international law, “**Territorial Integrity**” extends to “properties” located within the territorial waters of the Nation State.

The deliberate destruction of said “properties” within a country’s territorial waters **by or on behalf of a foreign state actor constitutes an act of war.**

“*La Classe Politique*”: High Treason

America is no longer “An Ally” of the EU. Quite the opposite. The insidious role of the US in carrying out acts of sabotage against the EU is amply documented. Beyond doubt.

Meanwhile corrupt EU politicians are not only blaming Russia, they are **setting the stage for the destruction of the European Union on behalf of Washington.**

They are “Sleeping with the Enemy” to the Detriment of the People of Europe.

Treason constitutes **an act of betrayal by European politicians in high office** on behalf of a foreign power, which through various means is actively and deliberately triggering economic and social chaos in both Western and Eastern Europe.

The U.S. is not an ally of the EU. Quite the opposite. Washington is waging war against Europe, with the support of corrupt government officials in high office. It's an act of treason.

The media is also complicit i.e. in sustaining a flow of lies. The unspoken objective is to provide a human face to these acts of treason.

Treason at the highest levels of government.

What is required is “Regime Change” throughout the European Union as well criminal prosecutions directed against corrupt politicians.
