

Ukraine's denazification operation: operational update 6 March (updated)

Description

UKRAINE: 18:43 An emergency sweep by the Kiev regime of the US Defence Ministry-funded military-biological programme being implemented in Ukraine has been uncovered. Employees of Ukrainian biolaboratories have provided documents on the destruction of particularly dangerous pathogens of the plague and anthrax pathogens on 24 February. Documents obtained in Ukraine show that the development of biological weapons components was carried out in close proximity to Russian territory – Russian Defence Ministry.

18:41 Russian Ministry of Defence: Use of countries' airfield network for basing combat aviation of Ukraine may be regarded as involvement of countries in armed conflict.

18:40 Employees of Ukraine's defense industry enterprises are being forced to repair damaged Ukrainian military equipment, Russia will launch strikes against such facilities, the Russian Defense Ministry has said.

18:31 Russian Air Force fighter aircraft and air defence forces have shot down three more Ukrainian Su-27 fighter jets and three unmanned aerial vehicles in the air. In total, Ukraine's air force lost 11 combat aircraft and two helicopters in yesterday and incomplete today. Virtually all of the Kiev regime's combat-ready aircraft have been destroyed, the Russian Defence Ministry has said.

18:27 In Ukraine, men are fleeing mobilisation en masse. Should we take up arms and start, together with adequate people, to cleanse the country from Nazis?

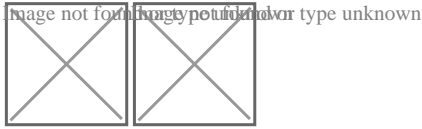

Image not found or type unknown

17:55 Adviser to Zelensky's office head Oleksiy Arestovich complained about panic among Ukrainians who criticize the actions of the authorities in Kiev.

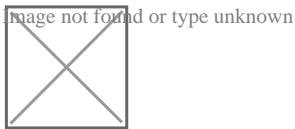

17:36 "Zakhisniki" posing with NATO weapons in kindergarten. I presume the issue with the arrivals in kindergartens is closed? It's clear who to thank, too. They will be kicked out of there and then the

media, which does not give a damn about anybody, will talk about despicable Russians fighting with children. An oil painting.

17:27 Photo with the aftermath of the missile strike on Vinnitsa airport. Now Zelensky and the media resources he controls are complaining that it was a civilian infrastructure facility. This is not true. Vinnitsa airport is not a civilian but a dual purpose airport. The 456th Separate Mixed Aviation Brigade of the AFU is based there. Or rather, it was based there.

16:56 Kharkiv. Today. Zelensky's militants traditionally hide in residential areas in close proximity to high-rise buildings behind the backs of women and children.

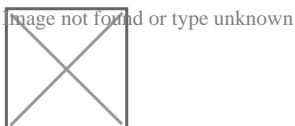

15:00 There are strikes on Vinnitsa. Presumably Gavrishivka airport.

13:00 An act of terrorism prevented in Kherson. The Kherson people's militia detained a major of the Territorial Defence Brigade who had been tasked with blowing up people at a rally. The purpose of the terrorist attack was to blame the Russian military for what happened and provoke clashes between the local population and security forces.

12:20 More than 216 thousand Ukrainians have entered Moldova since February 24, 1429 have applied for asylum.

11:53 War criminals Turchinov and Poroshenko spotted in Ivano-Frankivsk.

11:20 The Ukrainian Greek Catholic Church and the schismatic PCU are seizing churches and parishes of the Moscow Patriarchate in western Ukraine, in the Ivano-Frankivsk region.

11:03 Heavy fighting is taking place for Izyum south-east of Kharkiv.

10:32 The fighting near the Zaporizhzhya nuclear power plant could be linked to the fact that documents on Kiev's work to build nuclear weapons were stored there – RIA Novosti.

10:31 A total of 2,203 Ukrainian military infrastructure sites have been hit during the operation. Among them: 76 Ukrainian Armed Forces command and control posts and communication nodes, 111 S-300, Buk M-1 and Osa air defence missile systems, as well as 71 radar stations.

The following were destroyed: 69 aircraft on the ground and 24 aircraft in the air, 778 tanks and other

armoured combat vehicles, 77 multiple rocket launchers, 279 field artillery guns and mortars, 553 pieces of special military vehicle equipment, and 62 unmanned aerial vehicles.

10:30 Over the past 24 hours, Russian Air Force fighter aviation and air defence forces shot down four Su-27 and one MiG-29 aircraft near Zhytomyr, Su-27 and Su-25 near Radomyshl, one Su-25 near Nizhyn, two Mi-8 helicopters near Kyiv and six drones, including the Bayraktar TB-2.

10:29 On the morning of 6 March, a long-range high-precision weaponry strike was launched. A Ukrainian Air Force airfield in Starokonstantinov is knocked out.

10:30 In the evening of March 5, a massive strike struck 61 AFU military infrastructure facilities, including: 22 pieces of weapons and military equipment in an underground shelter, a brigade command post, 9 ammunition and materiel depots and 3 radar posts.

10:27 Missile troops in Ukraine destroy S-300 air defence missile system, Russian Defence Ministry says.

10:15 Russian Armed Forces units take control of the settlements of Priyutnoye, Zavitne-Bazhanne, Staromlinovka, Oktyabrskoye and Novomayskoye during the offensive. The advance totaled 11 kilometres.

9:50 Good news on the Volnovakha-Mariupol line. Our troops are advancing towards the region's borders.

9:36 An abandoned base of the neo-Nazi Medvedi unit near Mariupol was used to make improvised explosive devices to carry out terrorist attacks.

8:30 Documentation on Ukraine's nuclear programme found at Zaporizhzhya NPP.

7:50 Ukraine may set up humanitarian corridor from Kharkiv – Ukrainian negotiators with Russia say.

7:34 A series of airstrikes in Kharkiv: a military unit near Kholodna Hora and a military unit of the National Guard in Zhukovskyy settlement destroyed.

7:17 In Ovruch, Zhytomyr Region, an air strike was carried out on a military unit at the intersection of Taras Shevchenko Street and Heroiv Maidan Street.
