

Ukrainian Ambassador to Elon Musk: “No Ukrainian will EVER Buy Your F...ing Tesla Crap – F*ck Off”

Description

UKRAINE: Earlier today business magnate and investor Elon Musk posted a poll on his Twitter page about the end-game in the Russia-Ukrainian War.

Elon Musk [asked](#):

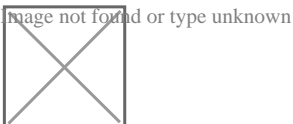

Ukraine-Russia Peace:

- Redo elections of annexed regions under UN supervision. Russia leaves if that is will of the people.
- Crimea formally part of Russia, as it has been since 1783 (until Khrushchev’s mistake).
- Water supply to Crimea assured.
- Ukraine remains neutral.

Over 1.7 million users answered the question with 62.8% voting “no” including Twitter bots.

By just asking the question Elon Musk was [slammed](#) by pro-war globalist critics.

The worst reaction came from Ukrainian Ambassador to Germany who made it personal.

Andriy Melnyk (pictured) told Elon to “F*ck off.”

This is highly likely to be the outcome in the end – just a question of how many die before then

When Melnyk wasn't tweeting about Elon Musk today he was demanding German tanks to Ukraine — fodder for World War III.
