### **Clash Daily put out a list for numbers 34-44:**

-Paula Grober – Clinton's speech interpreter for the deaf from 1978 until her death December 9, 1992. She died in a one car accident.

-Danny Casolaro – Investigative reporter. Investigating Mena Airport and Arkansas Development Finance Authority. He slit his wrists, apparently, in the middle of his investigation.

-Paul Wilcher – Attorney investigating corruption at Mena Airport with Casolaro and the 1980 "October Surprise" was found dead on a toilet June 22, 1993 in his Washington DC apartment. Had delivered a report to Janet Reno three weeks before his death

-Jon Parnell Walker – Whitewater investigator for Resolution Trust Corp. Jumped to his death from his Arlington, Virginia apartment balcony August 15, 1993. He was investigating the Morgan Guarantee scandal.

-Barbara Wise – Commerce Department staffer. Worked closely with Ron Brown and John Huang. Cause of death unknown. Died November 29, 1996. Her bruised, nude body was found locked in her office at the Department of Commerce.

-Charles Meissner – Assistant Secretary of Commerce who gave John Huang special security clearance, died shortly thereafter in a small plane crash.

-Dr. Stanley Heard – Chairman of the National Chiropractic Health Care Advisory Committee, died with his attorney Steve Dickson in a small plane crash. Dr. Heard, in addition to serving on Clinton's advisory council personally treated Clinton's mother, stepfather and brother.

-Barry Seal – Drug running pilot out of Mena, Arkansas, death was no accident.

-Johnny Lawhorn Jr. – Mechanic, found a check made out to Bill Clinton in the trunk of a car left at his repair shop. He was found dead after his car had hit a utility pole.

-Stanley Huggins – Investigated Madison Guarantee. His death was a purported suicide and his report was never released.

-Hershell Friday – Attorney and Clinton fund raiser died March 1, 1994 when his plane exploded.

47. Jeffery Epstein: Epstein who was charged with child sex trafficking and was awaiting trial died by "hanging himself" which is very hard to believe. Most believe he was taken out and evidence backs this theory up. Bill Clinton had close ties with Epstein and even visited his island where he took underage girls to be sex slaves.

48. Seth Rich: A DNC committee member who was murdered after receiving two gunshot wounds to the back. Rich's death was claimed to be a result of an attempted robbery, but that doesn't seem possible being his wallet was never touched.

49. Klaus Eberwein: Was a former Haitian government official that was found dead in his room from a gunshot wound in the head. Eberwein was supposed to appear before the Haiti Ethics and Anti

Corruption Commission where many speculated he was going to call out the Clinton Foundation for misusing donations for **earthquake victims**.

50-84. People on Flight with Ron Brown: We covered Ron Brown earlier on the list but left out the 34 others that were on the flight with him. To recap Ron Brown was the United States Secretary of Commerce during the first term of President Bill Clinton. Brown and 34 others died in a plane crash in Croatia. The strange part about the rash was both Brown's autopsy show he had a major wound to his head that looked to be from a gunshot. The navigation chief at the Croatian airport responsible for the GPS location of Brown's plane was found dead with a bullet hole through his chest just before he was going to be interviewed by the Air Force. Brown has a lot of inside knowledge on Clinton's dirty dealing in Croatia and in Asia, maybe he, unfortunately, knew too much which ultimately led to his assassination.

85-89. Ambassador J. Christopher Stevens, Information Officer Sean Smith, and CIA operatives, Glen Doherty and Tyrone Woods: These four men died under the eye of Hillary Clinton. Both Smith and Woods filed a lawsuit against Hillary Clinton for wrongful death and defamation. The lawsuit even stated that Hillary's use of a private email server contributed to their sons' death.

90. Beranton Whisenaut: was a young Federal prosecutor that was found was up on a beach in Florida. Many believe he was murdered because of his role in an investigation involving former DNC head and current South Florida congresswoman Debbie Wasserman Schultz who was a known affiliate of Hillary Clinton.

91-93. JFK Jr. and his wife and Sister-in-law: Like many on this list mysteriously died in a plane crash. So, how is JFK Jr's death tied to the Clinton's? Let's take a look when Daniel Moynihan announced he was retiring his Senate seat representing New York, John F Kennedy Jr. expressed interest in claiming the seat. JFK Jr. wasn't the only person interested in the seat Hillary Clinton knew Bill's time in office would come to an end and the Lewinsky scandal coming to light Hillary wanted to have a political career of her own.

On July 6th Clinton filed her paperwork with the Federal Election Committee to officially run for the open Senate seat. Just 10 days later on July 16, 1999, Kennedy's plane went crashing in Massachusetts. With the Clinton's past of several associates dying in plane crashes and then all of the sudden the man who would absolutely destroy Hillary in the polls mysteriously dies in a plane crash it definitely raises eyebrows. Many believe JFK Jr. didn't die in the crash and believe he is looking to make a return back to the political scene very soon and expose the deep state once and for all.

This concludes the "Clinton Kill List" I'm sure they're more names to add to the list being Hillary and Bill are both highly connected to the CIA and other deep state operatives but these are the names that are highly reported of and have a clear connection to the Clinton's or their Foundation.
