

Was 9/11 attack a false flag operation? (Part II)

Description

USA: The mainstream U. S. media sustained the myth regarding the perpetrators of the 9-11 attacks and the legitimacy of American military operations in the Middle East and Central Asia thereafter.

Mark Dankof is the former 36th District Chairman of the Republican Party in King County/Seattle. He was an elected delegate to Texas State Republican Conventions in 1994 and 1996 and entered the United States Senate race in Delaware in 2000 as the nominated candidate of the Constitution Party against Democratic candidate Thomas Carper and Republican incumbent William Roth. Dankof has been disturbing the Zionist party for many years through his podcast (The Ugly Truth) and political activism.

Jonas E. Alexis: Let's continue our discussion on the 9/11 attack and some of the diabolical forces that have come to dominate the West in general and America in particular. Expand on these issues for us here. What's your take on how people who are of the truth should take action?

Mark Dankof: The only course of action is to continue to present the known facts, first on the scientific evidence, secondly on the party that had the motive, the means, the opportunity, and the resources to cover up the deed after the fact.

We are less than candid when we fail to acknowledge that the Zionist control of the six major American media conglomerates is monolithic, and makes Corporate Media a purchased accomplice in what is going on.

This fact, and Zionist control of the Federal Reserve Board (money supply) and Presidential and Congressional elections through PAC money and media control, makes for a completely unlevel playing field. In the case of the 9-11 Truth Movement, the chief strategy is clearly the utilization of the Internet, and foreign media outlets and journalists, to get the word out domestically and internationally.

We have to do an end run around Corporate Media, their ownership, their agents of influence, and pursue guerrilla strategies. This is what Mark Glenn and I are doing with The Ugly Truth, and with our occasional appearances on *Press TV* and *Russia Today*. We have no money, no corporate benefactors, and plenty of adversaries with a lot of animosity toward us and plenty of their own

benefactors in marginalizing us professionally with demonization and malicious untruth on the Internet.

The job that Republican congressional candidate in Maryland, Kenneth R. Timmerman, attempted to do on me with the help of an ex-friend of mine, Howard Phillips of the Constitution Party and Washington's Conservative Caucus, in a piece for the Richard Mellon Scaife-financed Accuracy in Media entitled, "Tehran TV Loves Ron Paul," is a case in point.

This goes back to an article I wrote in 2007. Timmerman threatened to sue me if I didn't withdraw the piece. I didn't withdraw. He then resorted to the sort of thing that appeared in Accuracy in Media. This is the way it is. I have since commented on Timmerman in a radio broadcast of September 5th, 2012. I have also responded to Howard Phillips in writing. You can evaluate the evidence for yourself on what is going on here.

Mantiq al-Tayr covered some of these shenanigans in Stealth Zionism. What is important to see here is the extent to which the American Right specifically, and the American political and journalistic enterprise generally, has been hijacked by these Zionist Agents of Influence. This even includes elements of the Libertarian Party, as I recently demonstrated in my piece on Wayne Allyn Root.

It all points to Israel. The American public needs to understand that the entire history of this State is rooted in racism, terror, racial genocide, theft, and False Flag Operations. Look at the King David Hotel Bombing in Jerusalem in 1947; Deir Yassin; the Lavon Affair; Israel's deliberate attack on the USS Liberty on June 8th, 1967; the Pollard spy case and the subsequent AIPAC, Ben-Ami, and Stewart Nozette spy cases.

Your readers and viewers need regular acquaintance with a resource like Grant Smith's The Israel Lobby Archive, for the Institute of Research: Middle Eastern Policy where these topics are concerned.

This is clearly a State that would have no hesitation to pull off a False Flag operation in New York on September 11, 2011, if they felt it benefited them, as Benjamin Netanyahu himself has stated it did. He said the day after 9-11 that [where Israel's interest is concerned], "It's very good." He also stated that "We are benefiting from one thing, and that is the attack on the Twin Towers and Pentagon, and the American struggle in Iraq. . . . these events swung American public opinion in our favor."

I have a suggestion for those interested in the truth and international dissemination of the truth before time runs out. It may already be too late. One is to see that the independent film producer, Merlin Miller of Americana Pictures, gets the funding he needs to produce his completed movie screenplay on Israel's premeditated attack on the USS Liberty, entitled "False Flag".

The second is that the funding be brought forth to put Michael Collins Piper's book on the Kennedy Assassination, Final Judgment, into cinematic production. Why? If the American public ever discovers what the State of Israel has been doing at their expense, and why, the Zionist enterprise will be finished.

This is why Merlin Miller ventured into Tehran for the New Horizon Independent Film Festival hosted by Director Mohammad Tayyeb and a host of others. Miller is a West Point graduate, former American Army Officer and Paramount Pictures producer. He is sick of what the Zionist Lobby is doing to this country, and to the rest of the world. He needs our help to level the cinematic playing field with this project. Decent people everywhere will profit if it comes to pass.

I want to make something absolutely clear. Involvement in this is not for the faint of heart. Dr. Philip Giraldi, former CIA Station Chief, head of the Council for the National Interest, and columnist for The American Conservative and Antiwar.com, has warned Mark Glenn and a few of the rest of us that we may want to join Giraldi in being abroad after the American elections. Why?

Draw your own conclusions regarding what may well be soon upon all of us. The clock is ticking. It is terrifying. And Israel's propaganda machine in the United States is kicking in to make it happen, everyone from Rupert Murdoch and Fox News to John Hagee, the rotund Zionist-mouthpiece of Cornerstone Church in San Antonio.

Jonas E. Alexis: False flags have been used by the Powers That Be since the beginning of time. For example, three quarters of the city of Rome was burned down by what is now called the Great Fire of Rome in the summer of A.D. 64, which lasted about six days. All historical documents indicate that Nero was responsible for the fire, but he blamed it on the Christians, whom he ended up torturing and liquidating.^[1] First-century historian Tacitus recounted:

“Consequently, to get rid of the report, Nero fastened the guilt and inflicted the most exquisite tortures on a class hated for their abominations, called Christians by the populace.

“Christus, from whom the name had its origin, suffered the extreme penalty during the reign of Tiberius at the hands of one of our procurators, Pontius Pilatus, and a most mischievous superstition, thus checked for the moment, again broke out not only in Judaea, the first source of the evil, but even in Rome, where all things hideous and shameful from every part of the world find their centre and become popular.

“Accordingly, an arrest was first made of all who pleaded guilty; then, upon their information, an immense multitude was convicted, not so much of the crime of firing the city, as of hatred against mankind. Mockery of every sort was added to their deaths.

“Covered with the skins of beasts, they were torn by dogs and perished, or were nailed to crosses, or were doomed to the flames and burnt, to serve as a nightly illumination, when daylight had expired.”

One historian writes that the Great Fire ended up damaging Nero's “moral reputation and financial viability,”^[2] largely because Nero used that excuse to burn alive “a despised minority, the Christians.”^[3] So, do you think 9/11 was a false flag?

Mark Dankof: This is clearly my interpretation, both in terms of oil and natural gas resources and pipelines, as well as providing Netanyahu and his Likudniks the pretext to expand the borders of *Eretz Yisrael* from the Nile River to the Tigris and Euphrates.

The position papers of the **Project of the New American Century (PNAC)** entitled, “**A Clean Break: A Strategy for Securing the Realm**,” and the September 2000 PNAC production of **Rabbi Dov Zakheim**, Dick Cheney, Donald Rumsfeld, Paul Wolfowitz and Company entitled, “**Rebuilding America’s Defenses**,” are *prima facie* evidence of this, in my opinion.

It is noteworthy that in the September 2000 release, the authors advocate another “**catastrophic and catalyzing event–like Pearl Harbor**” to get the American public behind a perpetual war footing and military presence in the Middle East and Central Asia.

Reading these PNAC releases in conjunction with **Robert Stinnett’s book on FDR and Pearl Harbor** entitled, “**Day of Deceit**,” and **Pat Buchanan’s review of Herbert Hoover’s diary on FDR and Pearl Harbor**, should contextualize how ominous this reference really is.

We are headed for a Third World War spearheaded by the Zionist/Talmudic Ideology of Racial Supremacy, Jewish International Banking, and Oil and Natural Gas Consortiums. **It will be sold to the American public as something in their own interest and in the interest of protecting the homeland. This is absolutely absurd.**

Jonas E. Alexis: Let me get this straight. You think Israel is connected to all of this?

Mark Dankof: There is a direct connection of all of this to Israeli money and Jewish interests. The **Think Progress** report proves it. This is just the tip of the iceberg. The plan is to desecrate the Islamic faith, as Jewish interests subverted and financed the earlier American Christian cultural demise and eclipse with pornography, abortion-on-demand, the homosexual rights movement, and movies and TV shows that trashed orthodox Christianity, the substitutionary atonement of Christ, the Virgin Mary, and the New Testament.

When there are angry protests against this desecration of Islam in North Africa, the Middle East, Central Asia, and the Indian Subcontinent, the Zionists will have succeeded in demonizing Islamic people of faith as violent, irrational, dark-skinned extremists.

The subliminal message in the West is that Arabs and Iranians aren’t truly human beings made in the Image of God and that invading and occupying their countries is legitimate and honorable, while killing them and destroying their families and communities isn’t a problem for a “*civilized*” society that wants to help itself to their property and natural resources.

This all serves the Zionist *Eretz Yisrael* agenda, the Oil and Natural Gas Consortiums, and the Bankers. It also serves to weaken legitimate Christianity and Islam by pitting them against each other when they should be in natural alliance, facilitating the destruction of the opposition to the New World Order Ben Gurion envisioned.

We must not fall for this. Decent people in the West and in the Islamic world must join forces against this evil *Divide and Conquer* strategy. This is why my radio partner, **Mark Glenn**, started his **Crescent and Cross** outreach some years ago. Glenn was one of the first to recognize how the Master Plan of the Hidden Hand was being put together. He’s been proven right through time, as the Sam Bacile film release corroborates.

Eric Margolis clearly tagged this latest piece of cinematic trash “*Neo-Conservative pornography*” serving the interest of those promoting the *War of Civilizations*. **That *War of Civilizations* is clearly synonymous with the Zionist agenda and gameplan.** They are one and the same.

Jonas E. Alexis: Was the 9/11 attack good for America? Who benefitted from that bloody event?

Mark Dankof: In the short term, 9/11 created the climate of American public support for the idiotic and destructive policies which followed September 11, 2001, including using the American military as a Janissary Force in support of the Likud/Netanyahu agenda in Palestine, the Middle East, and Central Asia, while heading for national economic bankruptcy while doing so.

This policy of Likud is an extension of the earlier Irgun and Stern Gang policy shared by David Ben Gurion himself: to “*restore the Kingdom of David and Solomon to its biblical borders,*” the so-called ***Eretz Yisrael***, or ***Greater Israel*** vision for not only controlling the territory from the Nile River to the Tigris and Euphrates Rivers, but **governing the entire planet** from a **Jewish-controlled Jerusalem** in global control of the **International Banking System** and **all the nations of the earth in subservience to it.**

These pro-Zionist zealots in John Hagee’s “*Christian*” cult are operating in self-delusion and self-

contradiction at precisely this point. How does support of World Government and the New World Order equate with being “*pro-America?*” How does commitment to Jesus Christ and his Kingdom equate with support for something rooted in a doctrine of racial supremacy, violence, theft, and deception? What is the New Testament’s understanding of the composition of the eschatological evil of 2 Thessalonians 2 and Revelation 13?

Exposure of the nature and methodology of Zionism, combined with the catastrophic consequences for those who support it in the United States and Europe, will change Israel’s status as a cunning beneficiary of 9-11 to its ultimate victim.

I predict that there will be a backlash against Zionism and the Israeli Lobby once the disaster they have crafted for everyone else completely materializes. It may take a Third World War and a global economic collapse to facilitate that. But it will happen. It will make Iranian backlash against the American and British policies in Iran from 1953 to 1979 look like child’s play by comparison. Those who truly planned, plotted, and implemented what happened in New York City on September 11, 2001, will rue the day they did.

Jonas E. Alexis: Your assessment on the mainstream media.

Mark Dankof: The mainstream U. S. media, as we have already seen, sustained the myth regarding the perpetrators of the 9-11 attacks and the legitimacy of American military operations in the Middle East and Central Asia thereafter. They did so as agents of Zionism, Banking, Oil, and Multinational Consortiums and Interests.

This is why the employment of Alternative Media, the Internet, and Foreign Media is so essential in removing the veil regarding the role of the U. S. mainstream media in perpetrating fraud and tragedy.

The falsehoods and mythologies they continue to perpetrate on Pearl Harbor, the Kennedy Assassination, the *USS Liberty* attack, and 9-11 must be absolutely exposed and debunked, not simply in the interest of a recovery of historical truth, but to accomplish the defenestration of Mainstream Media once and for all.

This would remove them as an effective force in **selling the False Flag incident soon to come** which is being planned to legitimize and sell a preemptive military attack on Iran. Their absolute defenestration forever would be a prelude to a cleansing of all of the other corrupt American and global institutions corrupted by the ***Mark of the Beast***. Their comprehensive discrediting and defeat would give the rest of us a foothold in regaining control of our respective houses. Let the effort begin.

Jonas E. Alexis: I look forward to discussing the Pearl Harbor debacle with you at the end of this year.
