

Watch: Biden's Brain Reboots Mid-Interview

Description

USA: “Sleepy” Joe Biden is at it again.

During an interview with *MSNBC*'s Jonathan Capehart, the President was asked if his wife, First Lady Jill Biden, supports him running for reelection in 2024 – to which **Biden's brain appeared to reboot with updates**. As it searched for a gear, Capeheart asks: “Mr. President?”

To which Biden ultimately replied: “Dr Biden thinks that uh, my wife thinks that uh, that I uh, that, that we're, that we're doing something very important and that I shouldn't walk away from it.”

It wasn't the first time during the interview that the 79-year-old groped for words;

At one point, Biden grabbed Capehart and got right in his face while discussing how ancient he is. Remember, Democrats and their media lapdogs wanted to impeach Donald Trump for a lack of mental acuity.

Meanwhile, in another pre-midterm interview...

Joe Biden comes out as pro child mutilation days before the 2022 midterms.

This is all you need to know.

And here's Biden declaring that Congress **voted on his student loan debt bailout**, saying “It's passed. I got it passed by a vote or two.”

The bailout was in fact done via [executive order](#) (and is currently [paused](#) while it's tied up in litigation).

Biden claims his executive order on student loans is a bill that passed Congress by one or two votes and that he recently signed into law

Really bizarre. Biden says 'I just signed a law' and 'It's passed. I got it passed by a vote or

two.' Referring, of course, to his executive order, never passed by Congress. BTW, Biden had notes in hand. Long version here; begins at 11:12. <https://t.co/LwFUngqNnD>

Having willfully violated his oath of office by issuing an executive order he knows is flatly illegal—and having then tried to dodge review by the courts by amending it on the fly —Biden is now lying about it having gone through Congress. <https://t.co/XNRSCyldZd>

Also interesting, Biden thinks thanks to some legislation of his, there can be 'no more than eight bullets in a round, okay?'

BIDEN: "My legislation says there can be no more than eight bullets in a round, okay?" ?

Time for another reboot?

Just imagine if Donald Trump (or to be honest any Republican politician) behaved like this around young children.<pic.twitter.com/KM7O3UwTT9>
