By: Roger Landry (TLB)

On the radio show I am about to present you, I am filling in for Michael Rivero, Host of the ***“What Really Happened”*** show on the ***Republic Broadcasting Network (RBN)***. Michael is in the process of doing a major upgrade to his website and needs to focus there for the next few days. He did ask me to relay to his audience that he is eager to complete this task and return to his show and valued audience.

Before we get started I would like to once again, say thanks to ***RBN*** for this platform, as well as my show ***“TLBTalk Radio”*** on Sundays from noon until one PM central. ***RBN*** is a standout in alternative media and should be shared widely.

To start off, my show on Sundays is one hour long and once a week. There are times when I wish I had more time and consecutive shows to actually meld several shows together to produce a timeline and a scenario that leaves an even bigger impression in my audiences mind ... Michael's two hour show gave me that platform. What I am about to present is the recorded (archived) discussion I did for Michael's show, which is a synopsis of my last three shows. How they merge and build on each other makes for a great running presentation.

This is a blatant presentation with no warm or fuzzy feelings ... covering Tyranny, Treason, Deceit, and Genocide ... all to distract you from the biggest and most damaging (to all of humanity) issue mankind has ever faced. If it succeeds ... humanity as we know it ... WILL NOT !!!

So lets get started with ***What Really Happened ...***

What I present below is those three shows (and more) which will allow you to go to the show (click on the appropriate image) and see the links to articles or watch the in-article videos associated with the article I publish with each show, and associated with the segments (labeled after the three show names) in the show I did for Michael. I am very fond of saying "I do not lie, misrepresent, or spout fear porn". The information on the one hour show articles (and archived shows) below will back up everything I am relaying on this 2 hour show
