

What's the Bigger Threat: Russia or NATO? [VIDEO]

Description

Okay, Brian...what's that ' what a load of bs ', please ?! ...NATO suppose to be a DEFENSE military organization, against the ' red plague ' (Communism). When Gorbachev/Russia agreed to let Germany to reunify, Bush/Baker & Co. promised to not extend NATO one inch from the existing (at that time) map/location. Now, the ' defensive ' organization (yeah, they bombed 78 days Yugoslavia, then Afghanistan, Iraq, Libya) is now at the Russia's door...It's okay with you, huh ?! Do you have a clue about the Cuban Missile Crisis (1962, with JFK as president), or you are one of those ignorant gringos, who supports the party/MIC line ?! IF that is the case, here is your rifle, Brian...go and kick some Russian a\$\$, man ? Walk the walk, not just talk the talk...and prove that you are a real man, not a pus.y...PS: how a moron who support a ' no fly zone ' with a nuclear power, will react if Russia, or China, will change by force the Mexican government, install a puppet regime and declare that will install nuclear weapons in Mexico ?!...Or Canada, on the North side ?!..
