Boebert focused most of her ire on Baker and Roth. She told Baker to his face that he was the collusion between Twitter and the corrupt FBI.

She also caught Roth in a possible lie when he said he couldn’t recall shadowbanning her Twitter account. Will he be charged with perjury?

Here is the smoking gun:

I received this document from Twitter staff last night.

It shows that Twitter 1.0 executives shadow banned me as a sitting Member of Congress.

If they did that to me, imagine the millions of Americans that will never know they were silenced by these woke execs. [pic.twitter.com/w9iHela9iF](https://pic.twitter.com/w9iHela9iF)
